

1. MPLADS

1.6 Execution through Non- Governmental Organisations (NGOs) and engagement of architects

GOI Instruction No.3/97 dt. 20.06.1997

Sub : Procedure for execution of MPLADS works through Non-Governmental Organisations (NGOs) and engagement of architects under MPLADS

Sir,

Some Hon'ble Members of Parliament have pointed out that the estimates prepared by the Government agencies at the districts for MPLADS works are on higher side and lack architectural design and are poor in execution. A request has, therefore, been made to allow engagements of architects /structural engineering consultants under MPLADS.

2. The Matter has been considered and it is clarified that:

" the revised guidelines permit NGO's to implement the MPLADS works. The available State Government procedure for Implementation of works by NGOs may be used to get the MPLADS works implemented structural engineering charges / architectural fees and standard procedures followed in civil works constructions. State Government guidelines in these cases may be followed. If the State Government do not have any guidelines in this regard, the Development Commissioner may get the issue examined for implementation".

3. You are requested to take action accordingly and intimate the details of action taken, any instructions issued, so that the Hon'ble MPs may be informed.

R.K.CHANDOLIA
DEPUTY SECRETARY
DEPARTMENT OF PROGRAMME IMPLEMENTATION
GOVERNMENT OF INDIA
