Sub : Delivery of Grade A rice in absence of stock of Common Rice in the FCI god owns for SGRY (I & II).

Sir,

States and UTs often report that adequate quantity of Common Rice is not available in FCI godowns for lifting under the SGRY. In such cases, it has been decided that the Grade-A rice may be delivered, in lieu of common rice. But the certificate from the FCI to the effect that common rice was not available, shall be necessary for making payment.

2. Moreover, in such cases, the quantitative allocation issued by the Ministry of Rural Development will hold good, and no cuts shall be effected by the FCI. This will remain valid, until further orders.

3. You are requested to kindly advise all Senior Regional Managers, FCI accordingly, under intimation to this office.
