ORDER

Departments which have huge budget provisions require proper expenditure control and effective monitoring. Strict economy has also to be enforced and the expenditure has to be restricted to the allocations made in the Budget. Hence, an officer with rich experience in accounts and budget has to be entrusted with this work in such departments.

2. On an analysis made with reference to budget in major departments, it is considered necessary that a post of Financial Adviser and Chief Accounts officer in the scale of Rs.3700-125-4700-150-5000 is created on a phased programme in the departments where its budget exceeds Rs.50 Crores. In view of economy, it is proposed to upgrade the existing post of Chief Accounts officer in the scale of Rs. 3000-100-3500-125-4500 to that of Financial Adviser and Chief Accounts Officer in the scale of Rs. 3700-125-4700-150-5000 instead of creating a new post. In the department of Rural Development with budget provision of Rs.357 Crores for 1991-92, Chief Accounts Officer of Treasuries and Accounts service is now working. Therefore the Government have decided to upgrade the post of Chief Accounts Officer in the Directorate of Rural Development made permanent in the Government Order read above in the scale of Rs. 3000-100-3500-125-4500 as Financial Adviser and Chief Accounts Officer in the grade of Joint Director of Treasuries and Accounts in the scale of Rs. 3700-125-4700-150-5000
