ORDER

In the letter second read above, proposal for formation of a separate Socio Economic Development Society for Krishnagiri District proposed by Collector was recommended to Government by Director of Rural Development.

2. The proposal referred to above has been examined in Government in greater detail in the light of justification put forth. The Government considered that in the newly formed Krishnagiri District, the only Taluk, Denkani Kotta has been proposed to be covered in the Special Economic Programme to address the naxalite problem, through implementation of certain activities, for which formation of a separate society does not seem necessary and that the implementation of programmes can be done by the existing Krishnagiri District Rural Development Agency itself. The Government accordingly direct that the request of the Collector, Krishnagiri for the formation of a separate Socio Economic Society be negated.

3. The Government further directed that the assets of erstwhile Dharmapuri District Development Corporation Ltd., lying in the administrative jurisdiction of Krishnagiri District be transferred to the District Rural Development Agency, Krishnagiri immediately.

4. The Director of Rural Development is also directed to take further action on the orders above and send a compliance report to Government within 60 days.

5. This order issues with the concurrence of Finance Department vide its U.O.No.68866/RD/04-1 dated 19.10.2004.
